Plagiarism:

If you cheat on an assignment, an “automatic zero” has been removed as a consequence for plagiarism. However you may still receive a zero if...

Cheating includes copying someone else’s work, using notes (paper or electronic) on a closed book test, consulting with others during a test, turning in another’s work as your own, or working in pairs or groups for individually graded assignments. If you are caught plagiarizing a second time, consequences will increase.
