## MIXED-AGE CLASSES

Mixed-age classes are designed for children ranging in age from birth up to kindergarten. For summer we have some classes that go to 7 years 11 months. Families with one or more children are welcome to each class including parent/child time and parent discussion.

Mixed-age classes are separate classes which means parents/ caregivers spend half of the class time together with their child and half in parenting support time with other parents. Child and parent discussion.
