

WHAT IS TITLE I?

Title I is a federally funded program that is part of the Every Student Succeeds Act (ESSA). The goal of this law is to help all students meet grade level expectations in reading and math as written in the Minnesota state standards. Our school has extra reading and math intervention teachers who can help the students who are performing below grade level in reading and/or math. This is done to be fair and equitable for all students.

The elementary schools which have over 40% of their students who get free and reduced priced meals receive Title I dollars to help all the students in the school. We are a Title I Schoolwide school, and so we write goals each year to meet the needs of our school. These goals are written with staff, family, and student voices. The resources and money that come from Title I are used to meet those goals and support student success.

HOW ARE THE FUNDS USED?

- Additional support staff to provide reading and math interventions
- Resources/materials
- Family engagement events
- Resources/training to support school improvement strategies

WHAT IS A TITLE I FAMILY-SCHOOL COMPACT?

A Title I Family-School Compact is a jointly developed agreement that explains how parents and teachers will work together to make sure all students get the individual support they need to reach and exceed grade level standards. The families and staff at Adams Elementary School annually discuss, review, and revise this Title I Family-School Compact.

For more information about this agreement, contact your child's teacher.

PARTNERSHIP OPPORTUNITIES

TITLE I ANNUAL MEETING WEDNESDAY, AUGUST 31ST

CONFERENCES

FALL:

Monday, October 3rd 1-8:30
Thursday, October 6th 4-8:30

All Children Can and Will Learn

READING AND MATH

Minnesota's English Language Arts (ELA) academic standards are taught in all classrooms (Kindergarten through 5th grade). Anoka-Hennepin uses McGraw Hill's Reading Wonders curriculum for reading, writing, speaking, and listening instruction. When a student receives additional services, the same themes, vocabulary, skills, and strategies are taught. Students are challenged to read every day and write about complex texts. Also, students collaborate through conversations about literacy.

Minnesota's Math academic standards are taught in all classrooms (Kindergarten through 5th grade). We use Bridges in Mathematics and the connected intervention program called Bridges Intervention. It addresses all the Minnesota math standards in a fun, engaging, and accessible way for all students. The program includes:

- Hands-on activities for exploring, developing, testing, discussing, and applying math concepts.
- Presentations of math concepts with language, pictures, and movement to meet the needs of all students.
- Opportunities for students to solve math problems in many ways which helps students to build more flexible and efficient problem-solving strategies.

ADAMS IS COMMITTED TO PROVIDING AN ATMOSPHERE OF LEARNING FOR ALL STUDENTS. THIS WILL BE ACCOMPLISHED THROUGH:

- First Best Instruction
- Character Strong SEL Curriculum
- Catalyst PD for all staff
- MTSS interventions aligned to student needs

Adams will regularly share student and building progress at trimester celebrations and monthly PAC meetings.

Anoka-Hennepin's elementary school program is based on the belief that all children are valuable and unique individuals, and that children learn best when the home, school and community work together.

IN THE CLASSROOM

Adams Staff have identified concepts that families can use to support learning at home.

- Students will use strategies and resources to solve problems
- Students will practice appropriate social skills: speaking and listening
- Students will partner with their teacher to set academic and social skills goals and track progress.

AT HOME

Families can help students practice the above concepts by:

- Read daily with their child
- Talk with your child about their learning
- Experience new things as a family
- Participate in school sponsored events

COMMUNICATION

All Children Can and Will Learn

- Grade level expectations and student progress will be explained at fall and winter conferences.
- Results of MCA, MAP, and other grade appropriate assessments will be provided at conferences and made available by logging into My Student Information on A-H Connect.

Find the following information by visiting our school website ahschools.us/adams

- Volunteer opportunities
- Details about the family events that will be happening at our school
- Translations of school information
