Yes, I will support the funding requests for food, prizes and decorations. I am also making a note on my calendar to invite Pete to the PTO budget meeting in April to talk about increasing the carnival budget for next year. :)

May I request we treat an anticipated \$300 request related to signage/decorations in like fashion?

This prize funding request needs to be voted on at the PTO meeting because of the timeline for carnival. Please consider this my official board member approval vote so that this item can be voted on at the meeting even though I won't be there.
