

# WHAT'S NEW AT EVERGREEN PARK ELEMENTARY

## STEM School of Innovation

A school founded on strong community connections to strive towards academic excellence.

Take a look at the national award winning school in your neighborhood!

### CHECK OUT WHAT'S NEW:

- A strong academic program prioritizes smaller class sizes for students in Kindergarten, Grade 1 and Grade 2.
- Coaching support for teachers in strategies to approve achievement in reading and math.
- Learning partnerships with the University of Minnesota, Three River Parks District, Science Museum of Minnesota, Eagle Bluff nature center and more.
- School Social Worker on site provides Mental health and social emotional support for students.
- Expanded student transportation area to serve a larger attendance area with the goal of removing a barrier for neighborhood children from attending the school.
