

# Possibilities

*part I or unison:*

So many possibilities.  
So many ways to go.  
So many things to choose from.  
All the things that I could know.  
I can learn and I can grow.  
I can do and I can know.  
I can see and I can be what I will.  
I can write my story of life and glory.  
The pages are mine to fill!

What will I be?  
Where will I go?  
What will my path be?  
When will I know?  
My life is spread before me.  
I see  
possibilities.

*part I:*

So many possibilities.  
So many ways to go.  
So many things to choose from.  
All the things that I could know.

I will work and I will do.  
I will always make it through.  
I will learn the way to take and to give.  
I will take my journey and  
while I'm learning  
I'll never forget to live.

What will I be?  
Where will I go?  
What will my path be?  
When will I know?  
My life is spread before me.  
I see!  
I see! Oh!

What will I be?  
Where will I go?  
What will my path be?  
When will I know?  
My life is spread before me.  
I see!

Possibilities.  
Possibilities.  
Possibilities.  
Possibilities.  
I see!

Possibilities!

When will I know?  
My  
life, I see!
