								Music and Phy. Ed.	

<p>Reading: 4th grade reading will focus on what animals can teach us. Students will be reading a variety of stories and articles about animals, as well as writing an informational essay about an animal of their choice.</p> <p>We will be doing a research project about water so we can connect both science and reading.</p> <p>You can see the weekly Wonders tests your child takes by having them log on to their Wonders account. Going through the test with your child will give you an idea of what kinds of questions are asked each week, and where your child may be struggling.</p>	<p>Math: We will finish up the unit on multiplication and division, and then start a unit on decimals. Any practice on basic facts at home will be very helpful for your child. There are a number of websites they have used in class they can use for this practice, as well as the games we play in class.</p>	<p>Nov. 8 – We'll have a Veteran's Day program at school. Wear red, white, and blue!</p> <p>Students can now access Epic, an online book website. Epic.com/students Code: aci7877</p>
	<p>Science: Water research projects, plus we'll try an engineering project about designing a pipeline to move water during a drought.</p>	<p>Mark Your Calendar: Nov. 13- Picture retakes. Nov. 13- 6 pm- MBPTO meeting Nov. 20 – Morris Bye Tigers Night Out- more info to follow</p>
