<p>Reading: We will be learning our daily routines and getting back into the swing of school for the first week in reading before getting into our Reading Wonders curriculum. We are also working on reading independently, which students should also be doing at home each night for 25 minutes. Spelling will start on September 11. Also look for a word work and fluency sheet each week; they will be sent home in the Wednesday folders and are due the following Wednesday.</p> <p>Wednesday folders will be coming home (on Wednesdays!) again this year. Please return the open house folder so we can use it for the papers we send home. Also, please fill out and return any forms from that folder. Thanks!</p>	<p>Math: The 4th graders are starting the year with a unit on geometry. They'll be learning about how to identify different categories of polygons and their characteristics.</p>	<p>Birthday treats: Your child is welcome to bring a treat to share with the class for birthdays. It's helpful for us if the treats are easy to pass out. 😊</p>
	<p>Science: For the first trimester, 4th grade will be learning about the properties of water and the ways we use it.</p> <p>Health: We will be reviewing bus safety as our first health subject.</p>	<p>Mark Your Calendar: Picture Day: Wed., Oct. 3 Conferences: - Tuesday, Oct. 2 - Thursday, Oct. 4 - Monday, Oct. 8 <i>Please remember to sign up online for a conference time.</i></p>
