Nov. 3-7, 2014
 (763)506-8265
 (763)506-8285

Math:

We will be working with algebraic expressions using parentheses and learning about the order of operations. We will also be practicing open sentences. Study Guide will be sent home on 11/6 and the Unit 3 Test will be taken on 11/7.

Science/Health:

We continue to study "water" as a liquid earth material. This week we are working on learning about "density" with cold water, warm water, and ice. An extra credit assignment is to create a lava lamp. This is a cool project!

Reading:

We are continuing with the classics, and using the strategy of "closer reading" to understand what we are reading.

Writing:

We have begun a writing unit on realistic fiction.

Social Studies:

We are studying the NE Region of the United States. The states and capitals test of the NE Region will be Nov. 6. Immigration is our current topic of study.

Spelling:

Unit 7 words will go home on Wed., 10/29. The test will be Tuesday, 11/4.
