

Tech Ed – Mr. Kratochvill

Absent from a lab/demonstration? No Problem!

Credit can be achieved by completing the following:

A short write-up summary of the activity including detailed, clearly understood, step by step procedure of the activity. How is this done?

Research 3 different informational websites relating to the lab title describing the information needed to create the write-up.

On the top of the sheet or at the bottom of this sheet, Title the Demonstration Lab, Your name, You class section, date, and include the 3 websites.

Hand-in a hard copy or email as an attachment.

That's it!
