Our Vision Statement...

Inspire every student to maintain a healthy lifestyle.

Our Mission Statement...

To develop physically literate individuals who have the knowledge, skills and confidence to enjoy a lifetime of healthful physical activity. The physical education program provides opportunities for students to attain the skills, knowledge, and attitudes essential for a healthy lifestyle.

Our High School Physical Education Purpose...

To introduce our students to a variety of wellness related activities so that they have the ability to develop a physically active lifestyle for a lifetime.

Standards Based Grading

Teachers will use a standards-based grading system that focuses on the most important standards and benchmarks as determined by the Minnesota Department of Education and MnSHAPE. Students' knowledge and performance will be evaluated using a 4, 3.5, 3, 2.5, 2, 1.5, 1, .5 proficiency scale that will allow parents, students, and others to determine what a student knows and can do. Daily practice may be noted in the gradebook, but may not be factored into the final course grade. This reflects the belief that students should be graded on what they know and can do based on multiple opportunities to showcase proficiency.

At Champlin Park High School we celebrate our differences and recognize the benefits of a diverse student body. For this reason we must take a stand against offensive language and hate speech. Racially offensive and/or homophobic language as well as any other derogatory slur towards a specific group has no place in our school or this classroom. We will document and report language that is hateful and hurtful and leads to feelings of being ostracized (not accepted) from the Champlin Park family.
