Current Credit Recovery System Overview

- Students will meet with teachers through Google Meets virtually from home or utilize a supervised Credit Recovery room at their home high school
- 2:30-5:00 PM
- Instructor uses Google Classroom digital platform for instruction, offices out of their school office/ classroom
- No student travel(Student can access activity busses after class)
- Students complete high priority learning targets and take a post test when done.

New Model

Students attend google meet on Wednesday's, teachers are available for help with assignments. Weekly check in required.

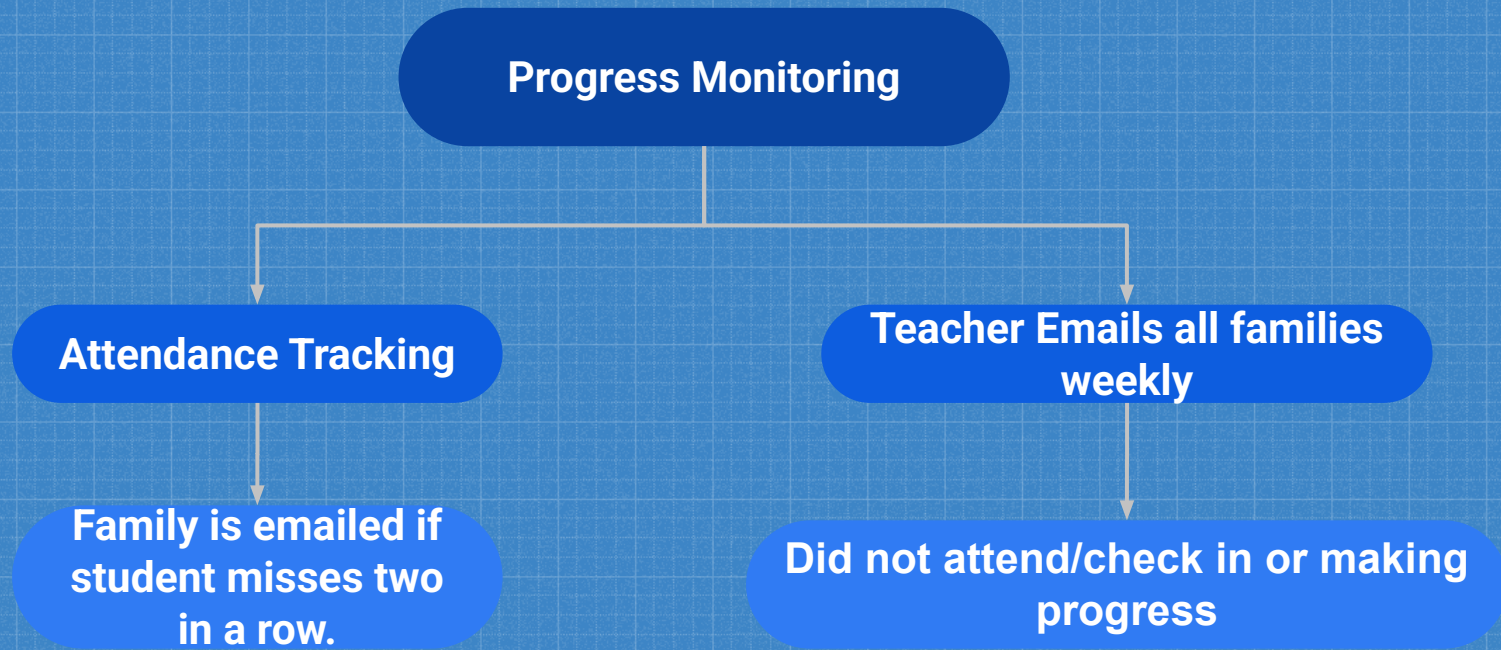

Students work on Learning Target assignments.

They can work on these outside of Wednesdays as well.

Once learning target work is done students take post test with camera on.

Weekly Check-In

APEX

- Online learning platform
- Students must be self motivated
- Elective credits only (there will be a discussion with the student before being assigned to APEX)
- Post Grads

Classes offered only through apex:

- Electives(Investigating careers, multicultural perspectives, media literacy, art appreciation, personal money management)

Communication Timeline for enrolled students

Students are typically enrolled within two weeks of receiving referral(unless there is a waiting list).

A welcome email is sent to families and students on Monday with orientation information and steps to get ready for Wednesday.

A text is sent through blackboard to parents/guardians on Tuesday, if we have a student cell phone we will send to them as well.

Teachers will send their specific emails Tuesday evening so they will be in student/parent accounts by Wednesday AM
