## School Information

Since the 1992-93 school year, Anoka High School has been a comprehensive, public, 4-year high school which includes grades 9 through 12. It is located northwest of the Minneapolis-St. Paul metropolitan area and is part of Independent School District No. 11. Current enrollment is approximately 2,400 students. Anoka High School serves all or parts of Andover, Anoka, Burns Township, Coon Rapids and Ramsey.

## STEAM Program

The Center for Science, Engineering, Arts and Math (STEAM) program at Anoka High School is designed for students who want to focus on technology/computer science skills while exploring the connections between the arts, sciences, engineering and math. STEAM uses project based learning that focuses on commitment, engagement, performance, reflection and understanding; in order to guide students to lead the next generation.

## GRADING AND TRANSCRIPTS

- All course grades are calculated into a grade point average based on a 4.0 scale and are computed cumulatively on a trimester basis. Advanced classes are recognized for the purpose of graduating with honors and for computing weighted grade point average and weighted class rank.
- Weighted class rank and both unweighted and weighted GPA are published on the transcript.
- Each one-trimester course = .5 credit.
- Starting in 2015-16, students could request to have a course, grade and credit removed from their transcript based on the following criteria: The student failed a course taken at AHS and re-took the class for a passing grade or the student re-took a class they passed at AHS and earned a better grade. Students are responsible for requesting the transcript change after completion of the course.
