

Reading for College and Careers

Formerly called “Reading for the College Bound”

This course is designed for 11th and 12th graders who have passed their MCA tests and are planning to attend a 4 year college, 2-year college, or advanced technical training in a skilled area.

Focus includes: workload management, Socratic seminars, content specific analysis of college and technical texts, academic vocabulary building, and emphasis on informational texts.

Academic Reading Prep 1

This course is designed for 9th and 10th graders who want or need to improve their reading in content areas in preparation for being successful after high school.

Instructional Focus: Academic vocabulary, test-taking strategies, and comprehension strategies

Can be taken more than one term for credit

Academic Reading Prep 2

This course is designed for 11th and 12th graders who want or need to improve their reading in preparation for being successful after high school.

Instructional Focus: Academic vocabulary, test-taking strategies, and comprehension strategies

Can be taken more than one term for credit
