If you are enrolling in an athletic Activity, you will also need to complete the 2020-21 MSHSL Athletic Eligibility and Sports Health Questionnaire. These forms are both located in the 2020-2021 Athletics and Activity Registration Forms Section:

- Once you have completed your MSHSL form(s), you need to 'check out'. Once those forms are registered, you will see the Athletics & Activities available.

- Online options include VISA, MasterCard, Discover, and checking accounts. There is no fee to register and pay your fee online. All payments are processed at the time of registration.
- To participate in high school athletics, students require a physical and health history questionnaire. Normally physicals need to be updated every three years. For 2020-21, however, if a student already has a physical on file, the three-year requirement has been waived. Students that have not participated in a high school activity before will still need to provide a physical to participate in an athletic program this school year though.
