Austin Cooper				2021				

Ignite is an underclassmen award. This award goes to a leader of a chapter that has tremendous potential for future chapter leadership. A leader's fire for DECA is obvious, and their passion has been evident all year!

Elevate is an underclassmen award. This award goes to a current chapter leader(s) that make everyone in the chapter better through their uplifting leadership style, energy and actions.

Empower is an award that goes to any DECA member. This award goes to the leader(s) that have set the example day-in-and-day-out, to be a productive DECA member. These members have continued the tradition of past DECA leaders, and have empowered all DECA members to follow their example.

The Aspire award can go to any 1st year DECA member. This award goes to a DECA member(s) that started DECA as just a modest curiosity but they are one of our biggest advocates for what is possible through DECA. The only thing that outweighs their enthusiasm for DECA is their ambition and aspirations.

Thrive is an award that can go to any DECA member. This award goes to a DECA member(s) that have a full toolbox of leadership skills to share with all DECA members. Whether it is collaboration, critical thinking, hard work, or creativity... They have these skills in surplus, and they want to share it with others.
