

10 more or 10 less bingo:

Use 10 frame cards or numeral cards.

Draw a tic tac toe board on a piece of paper and write 9 numbers, selecting from 1-20 to fill the board. Remove the 10 card from the deck and place it face up next to the pile of cards. Player 1 picks a card and finds the sum of 10+ the card picked. Then the player names 10 more or 10 less than the sum. If they have the number on their tic tac toe board they can cover it up. Whoever gets 3 in a row first or fills the board wins!
