

Joke is on You:

Using 10 number cards and one card that says Joker or Wild, shuffle cards and pass out until all gone. Choose a sequence that needs practice. Place cards face down in a row. Pick one card, find its correct position in the line. The card occupying that place is given to partner or yourself and is to be placed in its correct position in the line. Continue this until the Joker or wild card is revealed. The child then has to name the numbers that are missing from the sequence.
