

Terrific Tens:

Remove the 10 card from the deck and place it face up in front of him/her. This 10 card becomes one of the addends in every face off (10+ the card drawn). Players mix their cards and then turn over the top card of their deck. They say the number, then add it to the 10 card that is already face up and say the sum. The player with the greatest sum wins all of the non-ten cards. All players retain their original 10 card for the next face off.
