

1st grade-

Making a 3D Sculpture

- 1. Go outside and walk around and collect items you find in nature (sticks, leaves, bark, small rocks, and other small items).**
- 2. Arrange them in a 3D Sculpture you could use string, Elmer's glue and items from your home to get them together such as: tinfoil.**
- 3. When done with your 3D sculpture draw the sculpture in the box below (which would be in 2D)**
